### News

School food service programs are returning to normalcy. We are facing issues with food out-of-stock items that are causing us to alter our posted menus.

We're working closely with our distributors and manufacturers to secure food and supply items needed to support our program. However, the availability of these items has been changing daily.

While we intend to serve the posted menu every day at every school, supply issues will not make this possible throughout this school year until the supply chain issues are corrected
